

First Impressions

Emotional and practical support for families – a booklet written in Urdu for parents raising a small child with a learning disability, which aims to provide emotional and practical support.

The Foundation for People with Learning Disabilities has launched a set of **free** materials for parents from minority ethnic communities whose children had a learning disability.

Research has shown that language and cultural barriers can make it difficult for parents to communicate with services.

The above booklet is available free of charge from: **www.learningdisabilities.org.uk**
