

REGIONAL ROUND-UP

Letter from Liz Atkinson

Dear Readers / Colleagues

I work for a small advocacy organisation for adults with learning disabilities.

We are currently trying to put together our BME strategy as we feel that we could improve our working relationship with the BME communities in the boroughs were we work.

We are looking for good examples of existing strategies that we can refer to.

If anyone can point us in the right direction we would be very grateful.

Regards

Liz Atkinson
